Nigeria No 1 CBT Platform.

WELCOME TO REVAALT!

(The Student Promise & Rules)

We're here to help you dominate your JAMB and WAEC exams! This is a 60-second summary of our "ground rules" so we can win together.

1. YOUR DATA, YOUR PRIDE

We only collect what helps you improve—like your practice scores and study speed. Your information is locked in a secure digital "vault" right here in Nigeria, keeping your data fast, local, and safe.

2. THE CHAMPION'S CODE (NO CHEATING)

Revaalt is built for real students who want real results. If we detect any attempt at exam malpractice, hacking, or system abuse, we will **permanently ban** that device from the platform. We play fair to win big!

3. EASY PAY WITH AIRTIME

No bank card? No stress. To make sure every student has a chance, you (or your parents) can subscribe using your **Airtel or MTN Airtime**. It's as simple as sending a text.

4. YOUR AI SUPER-COACH

Our AI isn't just a bot—it's built on insights from research. It analyzes your performance to tell you *exactly* which topics to focus on so you don't waste time studying the wrong things.

5. THE "PARENTS-IN-THE-LOOP" RULE

If you're under 18, please make sure your parents or guardians are cool with you using Revaalt. They have the right to check in on what data we have and how you're progressing at any time.
